WILD BIRD MIX

See more birds. The key to attracting colorful birds to your backyard habitat is providing the proper food they desire. Most seed eating birds have specific preferences.

Lyric Wild Bird Mix will attract and feed these colorful songbirds:

Cardinals

Doves

Finches

Jays

Juncos

Sparrows

And more!

Lyric Wild Bird Mix is a popular choice. This is a great mix for beginners to the hobby of wild bird feeding. It has natural, nutritional ingredients at an economical price. You will not find undesirable foods such as red millet or milo in Lyric Wild Bird Mix. Many other brands use these ingredients to lower their costs. The result is usually less colorful songbirds coming to your feeder. Food gets flicked to the ground and you may get unwanted visitors like skunks.

See even more birds. We recommend trying some of our premium mixes like Supreme[®], Delite[®] or Fruit & Nut. You will most likely attract even more colorful songbirds with these mixes. Ask your retailer about these mixes or visit lyricbirdfood.com

Choosing the proper feeder. Lyric Wild Bird Mix will work well in a variety of feeders including: tube, hopper, tray with or without cover and window feeders.

Ingredients: Cracked Corn, White Proso Millet, Black Oil Sunflower Seed, Black Striped Sunflower Seed, Shelled Peanuts and Safflower Seed.

Guaranteed Analysis:

Crude Protein (min.):	10.0%
Crude Fat (min.):	13.0%
